- Having both anti-bacterial and anti-viral properties, the mineral content in red algae is 20x higher than that of plants grown on land.

#### CAFFEIC ACID

- A powerful antioxidant that helps prevent pre-mature aging

#### FERULIC ACID

- Helps with skin rejuvenation to reduce the appearance of fine lines and wrinkles while keeping your skin strong and firm

#### RETINYL PALMITATE

- A milder form of retinol in its natural state
- Can be used on even sensitive skin types to help even skin tone and reduce sun damage

### 2. REVIVE SERUM
